

FIG. 1

This diagram shows an exploded perspective view of a mobile device, likely a portable electronic device or a small cart. The main body is a rectangular frame with a large wheel at the rear. A hinged top cover is shown in an open position, revealing internal components. The device is equipped with a handle and a locking mechanism. Various parts are labeled with numbers:

- 10: Main body frame
- 20: Large rear wheel
- 26: Mesh or grate at the front
- 28: Front support structure
- 34: Front mesh or grate
- 40: Rear wheel assembly
- 42: Rear support structure
- 46: Wheel hub or axle
- 60a: Wheel rim
- 62: Top cover
- 63: Hinge mechanism
- 64: Locking mechanism
- 67: Locking pin or bolt
- 74: Internal frame
- 76: Internal support structure
- 78: Top cover
- 81: Hinge mechanism
- 83: Locking mechanism
- 84: Locking pin or bolt
- 89a: Wheel hub or axle
- 12: Handle
- 14: Locking mechanism
- 38b: Locking pin or bolt
